

# NC Board of Irrigation Contractors' Continuing Education Units (CEU) Reporting Form

In order to renew your NC Irrigation Contractors' License, you must report 10 Board approved CEUs. Of these 10 CEUs you must have earned a minimum of 2/maximum of 4 hours business units. Up to 10 additional hours obtained in 2011 may be carried over to 2012 to include not more than 4 business units or 8 irrigation units. Please be sure to list carry over units from 2010, which are noted on the front of this form. For those individuals passing the NCICLB Licensing Exam or CIC exam in 2011, your CEU requirements are satisfied for this year but still must be listed below.

**Incomplete forms will not be processed.**
