As a NC Licensed Irrigation Contractor, you are required by law to have a seal. NC General Statute 89G 7(1) Use of seal states: *Upon licensure by the Board, each irrigation contractor shall obtain a seal of the design authorized by the Board and bearing the name of the licensee, the number of the license, and the legend "N.C. Licensed Irrigation contractor." An irrigation contractor may use the seal only while the license is valid.*

You may request a self-inking rubber seal or an embossing seal. The fee includes shipping and handling and must be purchased through the Board. It should be noted that the embossing seal will not reproduce. When making multiple copies of a document each copy will require sealing. The rubber seal will reproduce.
